### THE WESTERN COLLEGE

Celebrates the Birthday of its President at Oxford, Ohio.

One of the most brilliant social functions of the fall term at the Western College, Oxford, Ohio, took the form of a birthday reception tendered to the President, Miss Leila S. McKee on the evening of her birthday, October 9.

The entire day was a gala-day. A half-holiday was granted the students and the afternoon was devoted to driving, walking, and wheeling in the country about Oxford.

At seven in the evening, students and faculty gathered in the art room of Alumnae Hall, which were attractively decorated with palms and masses of autumn leaves. At the first notes of the birthday song of greeting, sang by the Glee Club and written by Miss Jane Work, of the faculty, President McKee entered Statuary Hall, preceded by sixteen aids in dainty white gowns, holding branches of autumn leaves above their heads, through which the President passed to a seat upon the festal throne. The presence of Dr. and Mrs. J. L. McKee, of Danville, Ky., father and mother of the President, added to the joy of the evening.

Miss Bessie Peters, 1904, of Springfield, O., with graceful speech of welcome presented the President with American beauty roses. Speeches full of warm appreciation of President McKee's loyalty and devotion to the college and its students, were made by representatives of the classes: Miss Bessie Martin, of Ironton, Ohio, for 1901; Miss Jessie Robertson, of Germantown, O., for 1902; Miss Elizabeth Hauk, of So. Charleston, O., for 1903; Miss Florence McCormick, of Oak Cliff, Texas, for 1904; the Misses Helen Williamson, of Greenwood, So. Dakota, Agnes Hansel, of Oak Park, Ill., and Helen Morey, of Hamilton, O., for the preparatory classes; and Miss Margaret Williams, 1900, for the alumnae.

During the intervals between speeches, the halls and studios rang with the enthusiastic singing of college songs and cheers. Prof. Froeblich, of the faculty of music, played a violin solo, composed by himself for the occasion and dedicated to President McKee.

The President acknowledged the ovation given her with words of heartfelt appreciation, and the evening closed with the serving of birthday cake and ices.

Miss Helen Gill, of Lancaster served as one of the President's aids.

### A Powder Mill Explosion.

Removes everything in sight; so do drastic mineral pills, but both are mighty dangerous. Don't dynamite the delicate machinery of your body with calomel, croton oil or aloes pills, when Dr. King's New Life Pills, which are gentle as a summer breeze, do the work perfectly. Cures Headache, Constipation. Only 25c at R. E. McRoberts drug store.

### A Great Improvement.

After some delay, we present to our readers a cut showing the handsome entrance and gates recently placed at the Lancaster Cemetery. They have been in position for quite a while, but some finishing touches were needed and the picture was not made until all was complete. As will be seen, the columns are of solid stone, the gates proper being of iron. The columns are fifteen feet high, the main gateway about fifteen feet wide. The small gate on the left is for pedestrians, and is left unlocked all day for the benefit of those desiring to visit the Cemetery. The approaches are made of extra good gravel, graded nicely and packed hard. The work was done by Blatz & Krebs, Louisville, Ky. The entire work cost six hundred dollars, of which amount the Cemetery company gave two hundred and fifty.

A number of ladies in Lancaster and vicinity took the matter in charge a year or so ago and raised the money by writing to all persons having relatives and friends buried here. They

also appointed committees of each street and visited every family owning lots. Only a few refused to contribute and the efforts of the good ladies were soon rewarded by enough subscriptions to do the work. Too much praise cannot be given them for their work, as the improvement would never have been made had it not been for their taking hold of it.

The same committee of ladies will now endeavor to have parties owning lots put them in good shape, and will write to all those living away to send something to help pay for the improvement. The sexton will keep a lot in condition for \$2.50 a year, but there are many that will have to be worked on considerably to put them in decent shape. Most of the lots are in splendid condition, but a few have been sadly neglected and present a miserable appearance. The ladies are untiring in their efforts, and by next spring, if the lot owners will half-way do their part, Lancaster will have the prettiest Cemetery in the state.
